

Product Review Process - Governance

Overall aim

This process is to ensure the independence and transparency of the product review process

Process overall

The process has been designed and will be updated and modified by the EAB of the NHSF, the acceptance of the process and any amendments will be documented in the minutes of the EAB.

EAB Secretary

Applications for product review will be sent to admin@nathealthscience.org which will be received by a person formally appointed by the EAB (the EAB secretary), with no conflicts of interest and/or connections with member companies. The secretary will handle all communication between the applicant, EAB and assessors, without contact with any member company. The EAB secretary will have signed a comprehensive non-disclosure agreement and conflict of interest agreement and will undergo induction and regular refresher training on the process.
